Rules: The panels above are included as part of the home tab on the Ribbon in AutoCAD. Each Icon shown launches a command in AutoCAD (CIRCLE shown above). Each command on the Ribbon will appear in the puzzle and are listed in the image at the bottom. The words can be found in all directions – vertically, horizontally, diagonally, and backward. The letters are often used more than ones, so circle you answers and do not cross them out. There are 33 commands in the puzzle. Happy learning and enjoy!
